

Paul Tournier

ASSOCIATE

MEMBER OF THE LYON BAR

Paul primarily practices in the areas of business law, commercial law, and international contracts, and provides both advisory and litigation services.

He assists a diverse clientele that includes French and foreign companies and corporate groups operating in a wide range of industries, e.g., food distribution, sale of IT products and services, information and communication technologies, refrigeration and air conditioning equipment manufacturing, personal care services, the media, etc.

Paul provides comprehensive legal and regulatory guidance on business and commercial issues, assists businesses in drafting and negotiating all types of national and international commercial contracts, and supports clients in the creation and development of their distribution networks, particularly through franchising.

Paul also handles pre-litigation matters and represents clients before civil and commercial courts in disputes involving in particular business law, competition law, and distribution law.

Additionally, Paul is experienced in white-collar criminal defense matters.

Selected Operation Summary

Business law

Assisted French businesses in the creation, organization, and development of their distribution networks (franchises, licenses, and distributorships), both domestically and internationally (Master Franchises)

Represented network heads in disputes with franchisees, licensees, and distributors, including in relation to early termination of franchise agreements, contractual liability actions, and debt recovery

Represented franchisees, licensees, and distributors in disputes with their network heads

Represented a group specialized in the sale of IT products and services in litigation related to customer diversion

Assisted and defended a French leading provider of IT and office equipment and associated services in disputes related to unfair competition, free riding, and trademark counterfeiting

Commercial litigation

Provided legal assistance to a group specialized in the sale of IT products and services in contractual disputes with customers, including liability claim following a cyberattack, wrongful termination of services agreements, and debt recovery
